

Health Certificate and Coggins Form

Thank you for allowing us to care for your horse(s) at Skillman Veterinary Services. A valid Health Certificate is required for moving animals across state lines. It is a legal document certified by a veterinarian that the animal is healthy to travel and is not a carrier of infectious disease. All horses are required to have a negative, annual Coggins test to receive a health certificate. The health certificate is valid for 30 days from the date of health inspection. Please note if you are requesting an EECVI (Extended Equine Certificate of Vet Inspection) which lasts for 6 months (states that allow EECVI can be found at globalvetlink.com). Please fill out the following form to ensure accurate information and prompt receipt of your health certificate and/or Coggins Test. **For instant receipt of your health documents as they become ready please sign up for an account on Globalvetlink.com or download the app.**

Date of Health Inspection: _____ CVI Requested: 30 day 6 month (EECVI)

Coggins Needed: Yes No Date of most recent Coggins test if answer is No: _____

Date Coggins/HC Needed: _____ Coggins Test(Office Use Only): AGID ELISA
